

de::Panel

```
classDiagram
    de::DrawablePanel --|> de::Panel
    de::Window --|> de::Panel
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'de::Panel'. Below it, a horizontal line connects two boxes: 'de::DrawablePanel' on the left and 'de::Window' on the right. From the center of this horizontal line, a vertical arrow points upwards to the bottom of the 'de::Panel' box, indicating that both 'de::DrawablePanel' and 'de::Window' inherit from 'de::Panel'.
